PMTS

PMTS Global | International Exhibition & Event Organizer

WHO WE ARE

PMTS Global (Pvt.) Ltd. is a professional exhibition and event management company dedicated to organizing world-class international trade exhibitions, conferences, B2B meetings, and industry networking platforms. We connect manufacturers, technology providers, investors, buyers, government institutions, and trade organizations to promote industrial growth, innovation, and global business collaboration.

WHAT WE ORGANIZE

PMTS Global organizes specialized industrial exhibitions in key sectors such as manufacturing, machinery, materials, technology, HealthTech, automotive, plastics, energy, and AgriTech. Their events include international pavilions, conferences, product launches, live demonstrations, business matchmaking, trade delegations, and investment forums to foster business opportunities.

WHY EXHIBIT AT PMTS 2027

- Meet qualified buyers and decision-makers
- Launch products in an emerging industrial market
- Build partnerships with manufacturers and distributors
- Explore investment and joint venture opportunities
- Connect with government, trade bodies, and international delegates

PAKISTAN IS NOT JUST AN EMERGING MARKET—IT'S A STRATEGIC MANUFACTURING AND INVESTMENT HUB CONNECTING ASIA, THE MIDDLE EAST, AND AFRICA. PMTS 2027 IS YOUR GATEWAY TO THESE OPPORTUNITIES.

VISION & MISSION

VISION

To be the most influential and comprehensive industrial trade expo in Pakistan, driving technological advancements, encouraging industrial collaborations, and setting new benchmarks in global trade and innovation.

MISSION

To establish PMTS GLOBAL (pvt) Ltd as the leading international exhibition that enhances industrial growth, promotes technological innovation, and facilitates business opportunities in the industrial and machinery sectors through strategic JVs and business partnerships. We aim to connect local and international stakeholders to foster trade and investment while ensuring a sustainable and competitive industrial landscape, with access to exclusive business lounges.

WHY PAKISTAN?

THE GATEWAY TO SOUTH ASIA, CENTRAL ASIA & THE MIDDLE EAST

Pakistan offers strategic access to a market of over 3 billion consumers through its location and regional connectivity.

Strategic Location

- Crossroads of South Asia, Central Asia, China, and the Middle East
- Access to major international trade routes

Deep-sea ports including Karachi, Port Qasim, and Gwadar

LARGE INDUSTRIAL BASE

- 250+ million population
- Growing manufacturing and engineering sectors
- Strong industries in automotive, textiles, surgical instruments, agriculture, plastics, steel, foundry, electronics, and food processing

WHY PAKISTAN?

EXPORT & INVESTMENT OPPORTUNITIES

- Competitive manufacturing costs
- Skilled and young workforce
- Expanding Special Economic Zones (SEZs)
- Government support for industrialization and foreign investment

REGIONAL TRADE CONNECTIVITY

- China-Pakistan Economic Corridor (CPEC)
- Trade access to GCC, Central Asia, Africa, and neighboring markets
- Increasing regional logistics and transportation links.

RAPIDLY GROWING INDUSTRIAL ECOSYSTEM

- Active chambers of commerce and industry associations
- Increasing international business collaborations
- Strong demand for advanced machinery, automation, and industrial technologies.
